COFFEE PLANTING IN THE LANGAT DISTRICT.

Regarding planting in Ulu Langat, Selangor, Mr. Skeat writes in his report :—

The outlook as regards the development of the district by European planters is, on the other hand, most encouraging; and it is greatly to be hoped that the present year will see coffee planting started in earnest on a large scale. Four applications for 320 acres each were received from Messrs. F. B. Hicks, E. B. Skinner, A. A. Allen, and E. J. Allen; and two more applications, also for 320 acres each, from Messrs. G. F. S. and M. Sidney Parry, whilst a previous application from Messrs. Kindersley for 320 acres on the Rekoh Road has been granted. The land embraced by the first six applications is a tract upon the right geographical bank of the Langat River, in the neighbourhood of Merbau Tumbang and Bukit Tempurong. It forms the upper end of the broad alluvial flats which stretch, roughly speaking, from the Langat River at Rekoh to the Langat Road at Klang, and merge into the coffee reserve in Klang District. When it is once thoroughly drained and roaded, it should include an abundance of excellent coffee land from which selections could be made by intending planters, and it would therefore prove of no small advantage if a continuous coffee reserve, running through the two districts, could be proclaimed by the Government.

Mr. Wallace M. Johnstone, a prominent member of the Thames Yacht Club, arrived here this morning in the yacht *Catarina* on his return voyage from Yokohama, via Hongkong. The *Catarina*, a handsome vessel, built by Steele of Greenock, left Portsmouth on November 2nd last, calling here on her way out. Mr
