US Tin Mission Pays Visit To Rubber Estate

KUALA LUMPUR, Nov. 15.—The American tin mission which has been touring the Federation tin producing areas left for Singapore today, having completed their work.

Yesterday, after lunch with the Rubber Producers' Council, they visited the West Country Estate at Kajang, accompanied by Mr. H. H. Facer, Mr. H. K. Dimoline and Inche Mohamed Aris bin Ahmed Fathil, President of the Johore Smallholders' Association.

They were shown how rubber is tapped and saw latex being converted into crepe rubber sheets, cured, trimmed and packed.

Each member of the mission was presented with a crepe rubber sheet by the manager, Mr. D. C. Green, who entertained them to tea before they left the estate.
