## New Road to Seremban.

The new road from Kuala Lumpur to Seremban via Kajang Bangi and Salak will be opened for traffic, other than timber or firewood cars, on July 1. The route from Kajang is past the railway station to Reko. At the 23½ mile near Bangi the right hand turning should be taken, at the 34½ mile junction with Sepang Road turn to the left, the right hand turning leading to Sepang only. The route is marked by sign posts at each junction, the total mileage from Kuala Lumpur to Seremban being 68 miles. No gradients on this road between Kajang and Seremban exceed 1 in 40.
