

CzipRetail

**Welcome home!**

We're family. And we're here to meet your needs. And because we're family, you'll be getting the best prices on our wide range of Books and Stationery.

Whether it's something ordinary or extraordinary, come experience family-style service, at your very own, neighborhood books and stationery store.

CzipLee Bangsar, 2018

CzipLee defined in all its meaning reflects the traditional family-run business principles. "Czip" means the gathering of the certain few coming together in unit which is reflected in the tightly knit family unit. But unity comes to naught without strength, which is why... "Lee" means endurance, strength and vision.

CzipLee Southkey, 2020

## Meeting your needs

Visit any CzipLee outlet and you'll find us providing the same service we would our closest friends and family members at seasonal gatherings; with love and patience. And that is precisely because we regard our customers as part of our big CzipFamily, as it is thanks to all of you we are still here and expanding today!

From a store in Kajang, we have now grown to operate 2 more branches in Bangsar and Southkey, Johor- each unique in their own way.

While the store in Kajang mainly focuses on school and office supplies, our Johor outlet acts as the port where only the best of the best products are assembled and offered. We understand that both of the stores are certainly in places out of reach to some, which is why our Bangsar outlet is the perfect centrepiece, as we offer everything both outlets provide in close proximity to you.

Whether it's needing something as ordinary as a piece of paper or wanting something extraordinary

like a pen made out of coffee capsules, our staff will be happy to assist you! Because here at Czip Retail, we try our best to meet your needs and demands, just like a family would ;)

## A little history about us

Locate us
